Circular

Department: CURRENCY DERIVATIVES	
Download Ref No: NSE/CD/67722	Date: April 28, 2025
Circular Ref. No: 17/2025	

All Members,

Currency Derivatives Consolidated Circular

Exchange has been issuing various circulars from time to time for content relating to Currency Derivatives consolidated circular. This consolidated circular replaces earlier consolidated circular NSE/CD/61803 dated April 29, 2024, on the captioned subject. This consolidated circular is prepared which is a compilation of subsequent circulars related to Currency Derivatives consolidated circular issued till March 31, 2025. This consolidated circular encapsulates regulations / instructions of all earlier circulars issued by Exchange from time to time and new instructions as applicable.

For the convenience of members, circular is categorised as following:

Part – A	List of Important circulars issued during the period April 1, 2024 – March 31, 2025
Part – B	List of rescinded sections or items of relevant circulars during the period April 01, 2024 – March 31, 2025 with rescissions
Part – C	Contents of Consolidated Circular
Part – D	Format of various reports and files provided by the Exchange
Part – E	Format for Contingency Pool trading facility
Part – F	Format and checklist of Proprietary Undertaking

For and on behalf of
National Stock Exchange of India Limited

Khushal Shah
Associate Vice President

ITEM 1**MARKET PARAMETERS**

In pursuance the Trading Regulations of the Exchange following trading parameters and order attributes are specified for the Currency Derivatives segment:

1.1 Order type/Order book/Order attribute

- Regular lot order
- Stop loss order
- Immediate or cancel
- Spread order

1.2 Permitted Lot Size

Lot size stands for number of quantity in multiple of which order request are permitted. Applicable lot size for various products are provided in the 'Contracts specifications' section.

1.3 Price Steps for Contracts

Price step is the number in multiple of which, order price is permitted. It is also referred to as 'Tick size'. Applicable price steps for various products are provided in the 'Contracts specifications' section.

1.4 Strike Price

Exchange provides minimum number of strikes for trading, on both the side of 'At the money' (ATM) strike, for both call and put options. Strike scheme is defined in the X-1-X format, wherein X stands for number of strikes on both the side of ATM strike.

The Exchange also has concept of the **reserve strikes**, wherein certain number of strikes may be kept as reserved beyond minimum strikes as per the applicable strike scheme. The Exchange, at its discretion, may enable the reserved strikes intraday, if required, and message for the same shall be broadcasted on trading terminals.

Applicable strike schemes for various option products are provided in the 'Contract specifications' sections.

1.5 Quantity Freeze

Exchange specifies quantity freeze limits at contract level, in order to prevent impact of significantly high quantity in single order request.

All orders entered in the trading system are checked for quantity freeze limit. Orders with quantity exceeding the respective freeze quantity limit shall be rejected by the Exchange.

[Go to Index](#)

Members are informed that details of quantity freeze limits of all contracts are available in contract master file” and additionally Exchange also disseminates MII contract file ‘NSE_CD_contract_ddmmyyyy.csv.gz’ on NSE website (<https://www.nseindia.com/all-reports>) and on Extranet (/cdsftp/cdscommon)

1.6 Close Price and Base Price Applicable to the Contracts.

- Close price shall be:
 - o last half an hour volume weighted average price; in case the contract is traded in last half an hour,
 - o last traded price of the day, in case contract is not traded in last half an hour,
 - o the latest available close price, in case contract is not traded for the day,
 - o theoretically computed price on the contract launch day.
- Base price shall be:
 - o Future Contracts:
 - For the first day of trading, base price shall be the theoretical price and from subsequent trading days, it shall be the daily settlement price of the futures contracts computed by the Clearing Corporation.
 - o Option Contracts:
 - For the first day of trading, base price shall be the theoretical option price or the settlement price as computed by Clearing Corporation.
 - On subsequent trading days, it shall be the daily settlement price of the option contracts computed by the Clearing Corporation.

1.7 Operating Price Ranges of Contracts

o Futures Contracts

There shall be no daily operating price range applicable for Futures contracts. However, in order to prevent erroneous order entry, same shall be kept at certain percentage of base price of the contract. Operating price range for various Future contracts shall be as follows,

Instrument	Symbol	Expiry tenure	Price range
FUTCUR	ALL	Up to 6 months	+/- 3%
	ALL	Greater than 6 months	+/- 5%
FUTIRC	ALL (except ONMIBOR)	ALL	+/- 3%
	ONMIBOR	ALL	+/- 5%
FUTIRT	ALL	ALL	+/- 1%

o Options Contracts

[Go to Index](#)

The Exchange has introduced contract specific price ranges based on the delta of the options contract, using underlying previous close price and volatility, subject to a minimum price range which would be applicable for all contracts.

The Exchange computes price range for each options contract using the above-mentioned method on a daily basis. The price range so computed shall be applicable for the next trading day. Members can view the daily price range for the options contracts on NEAT-CDS front end upon double clicking / key (Shift+F8), the options contract on Market Watch screen after uploading the latest cd_contract.txt file.

The price range may be flexed during the day, at the discretion of Exchange, considering the various factors viz. variation in the underlying price, contract price, volatility, interest rate, etc.

A relevant message shall also be broadcasted to all the trading terminals, on flexing of the operating price range.

1.8 Disclosed Quantity (DQ) Order Functionality

A disclosed quantity order is designed to allow purchase/sell a certain total quantity by disclosing only a pre-specified proportion of the total ordered quantity at a time.

- **Orders with Disclosed Quantity (DQ)**

Matching an order with a disclosed quantity is similar to a regular lot book with the following additions:

- If an active order with disclosed quantity cannot trade its total quantity, it will be written on to the RL book in the Price-Time priority. The disclosed order quantity will be determined as follows:
 - If the remaining order quantity is less than or equal to the original disclosed quantity, the disclosed order quantity attribute will be lost and set to the remaining order quantity.
 - Each time the disclosed quantity is replenished; the order will be removed from its current position, re-timestamp and added to the RL Book.

- **Disclosed Quantity (DQ) Percentage**

The value set for this parameter ensures that a minimum disclosed quantity is entered as compared with the total order quantity.

The DQ percentage is set at 10% by the Exchange.

Example: For an order with total quantity of 100, the Disclosed Quantity has to be at least 10 or more.

Relevant Circular:

Download No.	Date
NSE/CD/12855	August 06, 2009

1.9 Day Spread Order Functionality

Exchange offers spread order functionality with 'DAY' time validity in future contracts of Currency, Interest rate futures (G-Sec), T-Bill futures (91DTB) pairs. Members using NEAT and CTCL facility (using their CTCL software) are advised to download updated **cd_spd_contract.gz** or **NSE_CD_spdcontract_ddmmyyyy.csv.gz** file every day from the directory /cdsftp/cdscommon on the Extranet server to setup spread combination contract on their terminals before trading.

Traders can place Buy Spread order (BSP) and Sell Spread order (SSP) with individual contracts defaulted for LEG1 and LEG2. A spread DAY order shall be matched in the spread order book maintained separately for the spread combination contract with the opposite side spread order. If not matched, it shall be treated as a passive order in spread order book. The outstanding 'DAY' orders shall be stacked on price time priority in spread order book. The user can modify or cancel such outstanding spread order. If 'DAY' spread order is matched, trades shall be executed at following prices:

Traded price for the first leg contract = Reference price
Traded price for the second leg contract = Reference price + the price difference entered for the spread order

Where Reference price = Last Traded Price of the first leg contract. If last traded price of the first leg contract is not available, then base price for the first leg contract shall be treated as reference price.

The base price of the spread combination contract shall be the base price of its first leg contract.

In order to prevent erroneous order entry, Exchange has defined the certain price range for the spread contracts and such price range may be flexed during the day, at the discretion of Exchange, considering the various factors viz. variation in the underlying price, contract price, volatility, interest rate, etc.

A relevant message shall also be broadcasted to all the trading terminals, on flexing of the operating range the price range.

1.10 Pre-Trade Risk Controls -**A) Order Price Alert on Trading Work Station:**

An alert pop-up shall be generated for the members on NEAT frontend in case limit order price is greater than or equal to an certain percentage of Reference price for buy orders and is lesser than or equal to certain percentage of Reference price for sell orders. Reference price shall be the LTP or Base Price of the contract.

[Go to Index](#)

If the user places limit order at price which is away from prevailing market prices, a warning alert “Order price is significantly away from reference price << >>. Please exercise caution. Do you still want to continue with the order price?” will be generated on Front End (FE) for re-confirmation of the order price from the dealer.

- For Buy Normal orders: - Whenever limit order price is greater than or equal to X above the LTP ie $LTP + X$ (or $LTP + X\%$ of LTP), order price alert will be generated.
- For Sell Normal orders: - Whenever limit order price is lesser than or equal to X below the LTP ie $LTP - X$ (or $LTP - X\%$ of LTP), order price alert will be generated.
- Currently, in Futures contracts, the X value is set as 1%.
- In currency options contracts, X shall be set as follows :
 - o In case of all currency options (Except EURUSD & GBPUSD),
 - X shall be 0.05 if LTP is ≤ 0.2500 ,
 - X shall be 0.10 if LTP is between 0.2501 to 0.5000
 - X shall be 20% if LTP is > 0.5000
 - o In case of EURUSD & GBPUSD currency options,
 - X shall be 0.002 if LTP is ≤ 0.0100 ,
 - X shall be 0.004 if LTP is between 0.0101 to 0.0200
 - X shall be 20% if LTP is > 0.0200
- Exchange may review and change the X value in future, if required.
- By default, cursor will be set on ‘No’ option, so that if ‘Enter’ tab is pressed by the user, order entry will get rejected and Cursor will be re-set at order price in the order entry window.
- If option ‘Yes’ is selected, order will be accepted and sent to host.
- Members are requested to set the contract on Market Watch area before placing the order in it, to get the Order price alert based on the LTP as per aforesaid functionality.
- If LTP is not available for the day i.e. contract is not traded for the day, Base price of the contract shall be referred for comparison.
- Please note that the functionality / calculations are based on the available Last Trade Price via broadcast / base price for the contract in the NEAT FE. Above functionality shall be applicable for all limit orders on Option contracts, of following types:
 - o Normal/Offline
 - o 2L and 3L
 - o Closeout

Above functionality shall not be applicable for Market and Stop loss orders.

Relevant Circulars:

NSE/CD/49159	August 03, 2021
NSE/CD/49420	August 26, 2021

B) Handling of ‘Market’ price orders with book type RL and time condition as Day / IOC, shall be applicable to all Futures and Options contracts:

[Go to Index](#)

- 'Market' price orders shall not be allowed in a contract which has not traded for the day i.e. LTP is not available for the day. Market orders received in such scenario shall be rejected by the Exchange and appropriate message shall be sent to respective trading terminal.
 - Market Orders shall be allowed to be traded only up to certain mark-up/down price above/below Last traded Price (LTP).
 - Buy market orders shall be allowed to trade till $(1+X\%)$ of LTP
 - Sell market orders shall be allowed to trade till $(1-X\%)$ of LTP
 - Mark-up/down of $X\%$ above/below LTP, shall also be subject to minimum absolute value in Rs.
 - The initial/remaining quantity* post sweeping the counter orders up to mark-up/down price during matching, if any,
 - Shall be cancelled automatically, if counter orders are outstanding beyond mark-up/down price on opposite side of book and appropriate messages shall be sent to respective trading terminal.
 - Additionally, if the market order is placed with day condition,
 - Shall be passivated at best price at same side, based on price time priority, if no counter orders are outstanding beyond mark-up/down price on opposite side of book.
 - Shall be passivated at LTP of the day (trade price of last trade of the day), if no orders are outstanding on both the side of book.
- * Remaining quantity could also be initial ordered quantity if there are no outstanding counter orders between LTP & mark-up/down price when order was entered.
- In case of Stop loss (SL)-market order, mark up/down price to allow order to trade upto certain price, shall be determined based on LTP of the contract when SL order gets triggered.
 - The market price protection (MPP) validation shall also be applicable for the order modification requests i.e. limit order is modified as Market order.
 - MPP validation shall be applicable in conjunction with the existing OPR validation for orders.

C) Changes in Multileg Orders (2 Leg / 3 Leg):

- Multileg orders with 'Market Price' condition for all (Futures and Options) contracts shall be discontinued. Market orders received in such scenario shall be rejected by the Exchange and appropriate message shall be sent to respective trading terminal.
- Multileg orders with limit price condition shall continue to remain available for all contracts.

Note: Members may refer to applicable parameters as provided by Exchange to arrive at the mark-up/down price w.r.t. handling of Market orders.

Instrument	Category	Last Traded Price (Rs.)	Minimum Absolute Range (Rs.)	% of Last Traded Price
FUTCUR (USDINR)		<=10	+/- Rs 0.01 / 1 paisa	NA
		>10	NA	+/- 0.05%
FUTCUR (INR Pairs as well as Cross-Currency Pairs except USDINR)		<=10	+/- Rs 0.01 / 1 paisa	NA
		>10	NA	+/- 0.25%
OPTCUR (INR Pairs as well as Cross-Currency Pairs)		<=0.2000	+/- Rs 0.01 / 1 paisa	NA
		>0.2000	NA	+/- 5%
FUTIRC	G-SEC		NA	+/- 0.25%
FUTIRC	MIBOR	<= 5	Rs 0.05/5 paisa	NA
		> 5	NA	+/- 1%
FUTIRT	91 Day T-BILL		NA	+/- 0.25%
OPTIRC	G-SEC	<=0.2000	+/- Rs 0.01 / 1 paisa	NA
		>0.2000	NA	+/- 5%

The Exchange may review the aforesaid mechanism and various applicable parameters from time to time based on the experience gained and inputs received from market participants / regulator.

Members should trade responsibly and cautiously, as trading away from normal prices and misleading or causing any disruptions in normal trading may result in inquiry, investigation, and regulatory actions.

Relevant Circulars:

Download No.	Date
NSE/CD/54124	October 19, 2022
NSE/CD/54664	November 30, 2022

D) Validation for Stop Loss Limit Order Entry:

The below additional validation shall be applicable for SL-Limit Order :

- Incoming SL-Limit order having difference between trigger price and limit price of greater than permissible limit, shall be rejected by the Exchange.
- Formulation applicable for the aforesaid validation shall be as follows:
If $\text{Abs}(\text{limit price} - \text{trigger price}) > 'X\% * \text{trigger price}'$, Exchange shall reject the order.
- Value of $'X\% * \text{trigger price}'$ shall be subjected to minimum absolute range.
- The parameter to arrive at permissible limit shall be set as follows:

[Go to Index](#)

Instrument	Category	Trigger Price (Rs.)	Minimum Absolute Range (Rs.)	X %
FUTCUR (USDINR)		<=10	+/- Rs 0.01 / 1 paisa	NA
		>10	NA	+/- 0.05%
FUTCUR (INR Pairs as well as Cross-Currency Pairs except USDINR)		<=10	+/- Rs 0.01 / 1 paisa	NA
		>10	NA	+/- 0.25%

Instrument	Category	Trigger Price (Rs.)	Minimum Absolute Range (Rs.)	X %
OPTCUR (INR Pairs as well as Cross-Currency Pairs)		<=0.2000	+/- Rs 0.01 / 1 paisa	NA
		>0.2000	NA	+/- 5%
FUTIRC	G-SEC		NA	+/- 0.25%
FUTIRC	MIBOR	<= 5	Rs 0.05/5 paisa	NA
		> 5	NA	+/- 1%
FUTIRT	91 Day T-BILL		NA	+/- 0.25%
OPTIRC	G-SEC	<=0.2000	+/- Rs 0.01 / 1 paisa	NA
		>0.2000	NA	+/- 5%

- The aforesaid validation shall be applicable for SL-Limit order modification request as well.
- Following error code shall be generated on rejection of order entry/order modification request:
16448 - Difference between limit price and trigger price is beyond permissible range

The Exchange may review the aforesaid mechanism and various applicable parameters from time to time based on the experience gained and inputs received from market participants / regulator.

Members should trade responsibly and cautiously, as trading away from normal prices and misleading or causing any disruptions in normal trading may result in inquiry, investigation, and regulatory actions.

1.11 Trading Exigencies

a. Cancel on Logout

‘COL facility at User level’ is being provided. Corporate Manager of a trading member can enable / disable user level COL flag for their users.

The salient features of COL at User level are:

- Corporate Manager shall have an option to enable / disable the user level COL facility for their users.
- By default the User level COL facility shall be disabled for all users.
- If a user for whom User level COL flag is enabled logs out, all outstanding orders shall be cancelled for that user.
- Corporate manager can enable/disable users for COL before, after or anytime during the market hours.

‘COL facility at order entry level’ is being provided to users that can be specified for an order. As and when the user is logged out, either a clean sign out (voluntary) or due to any technical reason (involuntary), outstanding orders that are marked with COL shall be cancelled irrespective of whether such User id is enabled for COL or not by Corporate Manager.

The salient features of COL at Order entry level are:

- COL can be specified for Regular Lot, Stop Loss and Spread Orders.
- COL can be specified for Limit as well as Market Order.
- In order entry the default value for COL shall be “Non-COL”. User shall be required to explicitly select the value for the COL field as “COL” if required.
- COL can be specified only for Day Orders. COL shall not be applicable to IOC orders.
- User shall not be able to modify COL during order modification.

b. Kill Switch

An additional facility “Kill Switch” is being provided. When the Kill switch function is executed, all outstanding orders shall be cancelled.

A) Trading member level:

The **trading member level** kill switch shall be available to Corporate Manager of a trading member. When trading member level kill switch is executed, all outstanding orders of that trading member shall be cancelled.

The salient features of trading member level Kill Switch are:

- Only corporate manager can execute this Kill Switch.
- All outstanding orders of all users of that trading member shall be cancelled.

B) User level:

The **User level** kill switch functionality shall be available to all users. When user level kill switch is executed, all outstanding orders for that user shall be cancelled.

The salient features of Kill Switch at user level are:

- User Level Kill Switch is available to all users.
- On executing user level Kill Switch, all outstanding orders entered by that user shall be cancelled.

1.12 Trade Modification

Trades can be modified with respect to client code only till the end of trade modification time of the day. Custodial Participant (CP) code modification facility & CP Trade confirmation/ rejection i.e. Give up functionality have been discontinued from trading system. Members can access a Trade modification report containing details of the trades modified as follows:

1. Original Trades – which were modified later where the activity type shall be ‘11’.
2. Modified Trades – All instances of the modification of original trade where the activity type shall be ‘12’.
3. Members are advised to note the following –

Sr No	Description	Action	Remarks
1	Modify Trade from PRO to CLI	Not Permitted	
2	Modify Trade from CLI to PRO	Not Permitted	
3	Modify client code for all trades of an order	Allowed	
4	Modify client code for a few trades of an order	Allowed	All trades for that order shall be updated to client code as per the latest trade modification at the end of the day.

The report is available on the Extranet in the online backup folder of the respective member folder. (Refer Part-D, Annexure 9 for file structure)

In case there are no modifications during the day, the member shall receive a ‘NIL’ report.

A Facility to send multiple trade modification requests for normal trades resulting from the same order number is provided on NEAT frontend. User will not be able to send individual trade modification using this functionality. User can directly give the order number based on which all the trades of that order will be available for bulk modification. The user can also filter the orders based on Contract descriptor & Client code.

[Go to Index](#)

The bulk trade modification facility will be available by clicking function key (**Shift + F6**), Menu Transaction → Multiple Trade Cxl / Mod or invocation of Single trade modification screen (**Shift + F5**).

Members must take steps to ensure that orders are placed for PRO or CLI correctly. Order Modification (Shift + F2) will be allowed for book type, order price and order quantity only.

ITEM 3**COMPLIANCE****3.1 Trade Annulment Request**

NSE vide its Currency Derivatives segment Consolidated circular no. NSE/CD/29366 dated April 01, 2015 has specified the procedure for submission and processing of trade cancellation requests. SEBI vide circular no. CIR/MRD/DP/15/2015 dated July 16, 2015 (intimated to members vide exchange circular no. NSE/CD/30269 dated July 17, 2015) has specified the Policy for annulment of trades undertaken on stock exchanges.

SEBI in its circular expressly advises that “to ensure finality of trades executed on trading platforms of the stock exchanges, to the extent possible, annulment of trades should be avoided by the stock exchanges.”

Therefore, the trade cancellation request procedure as specified in the aforesaid Exchange circular dated April 01, 2015 is being modified in accordance with the provisions of SEBI circular no. CIR/MRD/DP/15/2015 dated July 16, 2015. Further the existing ‘Trade Cancellation Request’ shall be considered as ‘Trade Annulment Request’ for the purpose of SEBI circular.

Members should trade responsibly and cautiously, as trading away from normal prices and misleading or causing any disruptions in normal trading may result in inquiry, investigation, and regulatory actions.

In order to discourage frequent or frivolous annulment requests, the following revised procedure and guideline for submission and processing trade annulment requests shall be applicable:

I. Submission of Trade Annulment Request:

Trade annulment request can be placed only by the executing trading members (buyer /seller) who have executed the trade to be annulled.

1. Prior to initiating the trade annulment request, the trading member shall ensure and certify the following:
 - i. that the member had taken adequate precautions such as defining order quantity limit; order value limit; user value limit; branch value limit and all the risk management measures as provided by the Exchange from time to time.
 - ii. that the orders related to the trade(s) to be annulled were routed after filtering them as per the risk management principles of the member,
 - iii. that the orders were in compliance with the order placement limits applicable to the dealer, branch and member.
 - iv. that the member has a process in place to ensure that the orders leading to the trade(s) to be annulled were covered by adequate margins, where applicable.
 - v. that the orders were placed by a qualified dealer.

[Go to Index](#)

2. Mode of placing the annulment request:

- i. The trading system of the Exchange provides a facility to a member to initiate a trade annulment request in electronic form whereupon the member on the other side of the trade would receive the details of the trade annulment request anonymously.
- ii. The member has to file the annulment request electronically only on the trading system provided by the Exchange.
- iii. The Exchange shall electronically disseminate the request on trading system to all concerned counter party trading members to the trade(s) for which annulment is sought.
- iv. Considering the strict time lines, Exchange shall not accept any request in any form or any other mode other than the screen based electronic mechanism provided by the Exchange. However, Exchange may permit filing of request in any other mode in exceptional cases.
- v. Counterparty trading member who accepts the request has to respond on the trading system intimating their consent to annul the trade.
- vi. The Exchange may seek additional information from such members for further scrutiny, if found necessary

II. Criteria & Processing of Trade Annulment Request:

The trade/s for which annulment is requested shall have to fulfil all the conditions listed below for the Exchange to be taken up for further processing;

- Trade annulment requests should be placed only by the executing trading members (buyer /seller) who have executed the trade(s) to be annulled. Trade annulment requests placed by third parties viz. Clearing Member / trading member other than executing trading members, shall not be accepted for processing.
- Trade annulment requests should be submitted to the Exchange within 30 minutes of the execution of trade.
- A trade annulment request can only be made for an order of a minimum value of Rs 10 Crores (premium value in case of options contracts shall be considered).
- Minimum trade value of trade(s) originating from a single order for which annulment request is made should be Rs. 10 lakhs or above (premium value in case of options contracts shall be considered).
- The trade(s) in question are not within the price bands / operating range / trade execution range applicable at the time of trade.
- Trade(s) for which annulment requests are submitted should have been executed in the continuous session (Normal market).
- Trade(s) have not been executed with the same PAN number on both the buying and selling side.

Exchange shall require the trading members to submit additional information such as reason to request for trade annulment, whether similar trade annulment requests have been submitted simultaneously to other exchange etc. in electronic form through ENIT.

Path on ENIT for Trade annulment request:

ENIT-NEW-TRADE>Trade> Trade Compliance (Post Trade)> Trade annulment request

[Go to Index](#)

Trade Annulment requests fulfilling the conditions specified above shall be accepted for further processing and should satisfy the following additional criteria:

- Counterparty trading member should have provided acceptance to trade annulment in electronic form within 30 minutes after the market closure or within 30 minutes from time of trade annulment requests whichever is later. If the counterparty member does not intimate his consent within 30 minutes of market closure or within 30 minutes from time of trade annulment requests whichever is later, it will be deemed that the counterparty member does not consent to the request for annulment.
- The executing member and the member on the other side of the said trade for a trade annulment request is not the same.

The Exchange shall expeditiously, not later than start of next trading day, examine and decide upon accepted annulment requests. The Exchange shall intimate the requesting member about the acceptance / rejection of the annulment request.

Where a trading member has requested for annulment of trade(s) to more than one exchange, Exchange shall coordinate with the other exchanges to take appropriate inputs to decide upon the trade annulment request.

Member may note that any trade annulment, if accepted, will not result in re-computation of index or bhavcopy.

III. Application fee for trade annulment request

A fee equal to 5% of the value of trade(s) for which annulment is requested, subject to minimum fee of Rs. 1 lakh and maximum fee of Rs. 10 lakhs shall be charged as Annulment Application fee for accepting the request. Such fee shall be debited from the Member's Exchange dues account or deducted from Members money available with the Exchange on the day of receipt of trade annulment request. The amount so collected as Annulment Application Request fees shall be credited to Investor Protection Fund (IPF) of the Exchange.

IV. Dissemination of following information on Exchange website

Exchange shall disseminate the following details of trade annulment requests on its website www.nseindia.com:

- Details of receipt of trade annulment request.
- Details of decision on trade annulment request.

- V. A mechanism for review of the decision of the Exchange on Trade annulment request shall be provided. For the purpose of review the trading members shall submit a request for review to the Exchange before the payout deadline for the trades. The detailed procedure is provided in circular download ref. no. NSE/INVG/30931 dated October 12, 2015.
- VI. As prescribed in SEBI Circular para no. 4, in case there is more than 1 instance from the same trading member in the same segment in a calendar quarter, an additional amount equal to 1% of the value of trade(s), subject to minimum of Rs. 1 lakh shall be charged. This is being done to discourage frequent or frivolous requests and maintain the sanctity of the trades on the Exchange.

[Go to Index](#)

This charge shall be non-reversible. This shall be in addition to the Annulment request application fee.

- VII. Members may note that pursuant to Byelaw 5 of chapter VII of the Byelaws, the Exchange may, to protect the interest of investors in securities market and for proper regulation of the securities market, suo motu annul trades at any time if the relevant authority is satisfied for reasons to be recorded in writing that such trade(s) is/are vitiated by fraud, material mistake, willful misrepresentation or market or price manipulation and the like.

3.2 Levy of fair usage charges for multi-leg orders in derivatives segments

The Exchange has provided a multi-leg order entry facility in Currency Derivatives segments through which members can place combination orders such as 2 Leg and 3 Leg which are Immediate or Cancel (IOC) in nature.

This facility enables members to place through a single entry, orders for multiple contracts in the Normal Order book for IOC matching. In order to facilitate and encourage fair usage of such order entry facility, trading members are hereby informed that the following charges will be levied for 2 Leg and 3 Leg orders in Currency Derivatives segments.

The charges shall be based on order execution efficiency i.e. the ratio of number of trades resulting from 2L/3L orders and total number of 2L/3L orders as explained below:

Execution Efficiency %	Levy on each 2L/3L order*
More than 90%	NIL
Between 70% to 90%	Rs. 0.01 (one paisa)
Between 50% to 70%	Rs. 0.02 (two paisa)
Less than 50%	Rs. 0.03 (three paisa)

*Applicable taxes extra

Members may note that for the purpose of calculation, all 2L/3L orders, i.e., order entry, order modifications and order cancellations shall be considered.

The charges shall be computed on a daily basis and will be collected by a debit to the Exchange dues account of the respective members on monthly basis only if the amount is equal to or greater than Rs 100 for a particular month.

Relevant Circulars:

3.3 Proprietary Account Trading

As directed by SEBI and in pursuance of Byelaw 6 of Chapter IX of the Byelaws of the National Stock Exchange and in partial modification of Regulation 3.2.1 of the Capital Market Trading Regulations and without prejudice to the applicable provisions of the Securities Contracts (Regulations) Act, 1956 and other relevant statutes, it is hereby notified that it would be obligatory on the Trading members to specify the nature of the order in terms of the order being a client order or being on their own account at the time of order entry on the trading system.

Members are advised to note that the segregation of orders is possible on the order entry screen using 'CLI' for client account orders or 'PRO' for orders of members which are on their own account.

In accordance with the SEBI vide letter SEBI/MRD/SE/Cir-32/2003/27/08 dated August 27, 2003, Stock Exchanges is providing the facility of placing of orders on 'proprietary-account' through trading terminals to be extended only at one location of the Trading Members.

In view of the above it has decided that

- Facility of placing orders on proprietary account through trading terminals shall be extended only at one location of the members as specified / required by the members.
- Trading terminals located at places other than the above location shall have a facility to place orders only for and on behalf of a client by entering client code details as required / specified by the Exchange / SEBI.
- In case any member requires the facility of using proprietary account through trading terminals from more than one location, such member shall be required to submit an application to the stock exchange stating the reason for using the proprietary account at multiple locations and the Exchange may, on case to case basis after due diligence, consider extending the facility of allowing use of proprietary account from more than one location.
- Members requiring the facility of 'proprietary-account' through trading terminals from more than one location and / or CTCL are required to submit an undertaking. Format of undertaking is provided below. **Member has to submit single proprietary undertaking for all segments.**

The format and the checklist of the proprietary undertaking is attached as Annexure F in the circular.

Further, the trading members shall be subject to and abide by all circulars, requirements, conditions, norms, guidelines and / or such terms as may be prescribed or required by NSEIL from time to time and the same shall become applicable ipso facto, upon its notice to the members by the Exchange.

Members may please note that the Pro trading facility is given to the user id for a specific location as mentioned in the application. Any change to the location / connectivity of user id shall result in deactivation of Pro trading facility.

Procedure For Applying for User trading rights and applying for Default location:

[Go to Index](#)

The trading system of the Exchange is accessed by a trading member through various modes of connectivity with unique combination of TM/ User ID/ Box ID/ IP and Password. Exchange, at the time of member onboarding allocates a unique user IDs with specific segment wise access.

In view of Exchange circular no. NSE/COMP/58554 dated September 25, 2023 regarding requirement of Base Minimum Capital (BMC), user id allotted by the Exchange based on member request shall be created without any trading rights.

Members desirous to trade through such newly allotted user id shall request for trading rights in line with BMC category through a facility provided on member portal for User trading rights and for Default location applications electronically. Further, it may be noted that digital signature is imperative for accepting the applications through member portal. Hence, it is mandatory that all the applications sent electronically through member portal contain digital signature as allotted by the Exchange to authorized personnel of the trading firm.

Trading members may access this module by logging in on Member portal (<https://ims.connect2nsccl.com/MemberPortal/>). Member can login through corporate manager user id by entering User ID and password.

The navigation path for this module and for accessing user manual shall be as below:

- Member Portal > ENIT-New-Trade > Trade > User Trading Rights

The below mentioned type of requests can be submitted through User trading Rights module of ENIT:

Category as per Base Minimum Capital Deposit	Facility to change		Exchange end processing		Form to be used to submit the request
	Current Trading Rights	Proposed Trading Rights	During market hours	After market hours	
1 -Only Proprietary trading without Algorithmic trading (Algo)	Null	Only PRO	Yes	Yes	Trading Rights Enablement
	Only PRO	Null	No	Yes	Trading Rights Disablement
2 - Trading only on behalf of Client (without proprietary trading) and without Algo	Null	Only CLI	Yes	Yes	Trading Rights Enablement
	Only CLI	Null	No	Yes	Trading Rights Disablement
3 - Proprietary trading and trading on behalf of Client without Algo	Null	Only PRO	Yes	Yes	Trading Rights Enablement
	Null	Only CLI	Yes	Yes	Trading Rights Enablement

3.4 Trading Through Other Trading Member

SEBI vide their circular SEBI/MIRSD//Cir-06/2004 dated January 13, 2004 has notified the norms relating to trading by members / sub brokers through other brokers/sub brokers of the same Stock Exchange or other Stock Exchanges. The relevant contents of the circular are given below:

During the course of inspections carried out by SEBI of the books of accounts and other documents of members/sub-brokers, it has been observed that certain members/sub-brokers are dealing through a large number of other stock brokers/sub-brokers of the same exchange/other exchange for their proprietary trades as well as trades on behalf of clients.

The trading through large number of brokers/sub-brokers raises serious issues of regulatory concerns including taking excessive exposure, executing pro account trading from multiple locations in violation

[Go to Index](#)

of SEBI circular no. SEBI/MRD/SE/Cir-32/2003/27/08 dated August 27, 2003, possibility of over leveraging and default etc.

With a view to address these concerns, to protect the interests of investors in securities and to promote the development of, and to regulate the securities market, Stock exchanges ensure the following:-

- A Stock broker/sub-broker of an exchange cannot deal with brokers/sub-brokers of the same exchange either for proprietary trading or for trading on behalf of clients, except with the prior permission of the exchange. The stock exchanges while giving such permission, shall consider the reasons stated by the brokers/sub-brokers for dealing with brokers/sub-brokers of the same exchange and after carrying out due diligence allow such brokers/sub-brokers to deal with only one stock broker/sub-broker of the same exchange.
- A stock broker/sub-broker of an exchange can deal with only one broker/sub-broker of another exchange for proprietary trading after intimating the names of such stock broker/sub-broker to his parent stock exchange.
- As per Regulation 15(1) (e) of the SEBI (Stock Brokers and Sub-Brokers) Regulations, 1992 a sub-broker shall not be affiliated to more than one stock broker of one stock exchange. It is reiterated that a stock broker of an exchange can deal with only one broker of another exchange on behalf of clients after obtaining necessary registration as a sub-broker.

All trading members are advised to ensure due compliance of the direction of SEBI and refrain from indulging in any business not complying with the stipulated requirement unless otherwise permitted to do so by the Exchange.

3.5 User Order Value & Branch Order Value Limit

Members are required to set definite limits for User Order Value Limit (UOVL) and Branch Order Value Limit (BOVL) for each user and branch. If definite limits are not set up, such users/branches may not be able to trade. The daily report containing the various order level limits, set for users by their corporate manager/branch manager shall be downloaded to the members. The nomenclature and the detailed file structure of the report are given in Part-D.

Exchange has also given facility by which members can now submit electronic request for limit setting through ENIT.

Members can login to member portal and access the module from the below path:

Member Portal > Enit-New-Trade > Trade > Limit Setting > New Limit Setting Request

Relevant Circular:

Download No.	Date
NSE/MSD/46944	January 08, 2021

3.6 Debarred Clients

Members may note that w.e.f April 03, 2012, orders and order/trade modifications placed for entities debarred by SEBI shall be rejected by the trading system with the message, “The Account is debarred from trading”. For this purpose, UCC details uploaded by members will be matched with the SEBI specified lists of debarred clients. In addition to this, “Debarred Client Master maintenance” facility is available to restrict order for specific client at terminal level.

3.7 Prevention of Self Trade

Based on SEBI directive, with a view to further strengthen Self-Trade Prevention (STP) mechanism; the applicable provisions are as follows:

1. For PRO / Client (Non CP Code) order: If an active PRO / Client (Non CP Code) order is likely to match with any passive order (PRO / Non CP Code Client / CP Code Client) having the same PAN (Permanent Account Number) in the same order book; then the active or passive order (full or partial as the case may be) as per the option set in order entry shall be cancelled by the Exchange with rejection message “Order cancelled by the System – The order could have resulted in Self-trade”.
2. For Custodial Participant (CP Code) order:
 - a) If an active CP code order is likely to match with a passive CP code order having the same CP code in the same order book; **Or**
 - b) If an active CP code order is likely to match with a passive PRO / Client (Non CP code) order having the same PAN (Permanent Account Number) in the same order book;

Then-the active or passive order (full or partial as the case may be) as per the option set in order entry shall be cancelled by the Exchange with rejection message “Order cancelled by the System – The order could have resulted in Self-trade”.

Thus, in case of **Pro / Client** orders entered by same/different members are resulting in self-trade due to same PAN or CP code, as the case may be, on the active and passive side, the same shall result in active or passive order getting cancelled as per the option set in the active order.

The mechanism shall be applicable only during matching. During trade modification, members shall have the option to modify the PAN as well. Member shall take due precaution to prevent self-trade while performing trade modification.

Accordingly, please note that the PAN field shall be mandatorily required to be populated in order messages / trade modifications for all **“Pro”** and **“Client”** orders (Non-CP as well as CP clients). In cases where the investor is exempt from PAN, it will be mandatory to provide ‘PAN_EXEMPT’ in the PAN Field. Members shall be solely responsible for the correctness of PAN provided in order messages.

Relevant Circular:

Download No.	Date
NSE/CD/40134	February 05, 2019

3.8 PAN verification at the time of order entry

UCC and PAN shall be validated for all orders (PRO and CLI) at the time of order entry with details as uploaded by members in UCI online. In case of mismatch, the order shall be rejected by Exchange and an appropriate error message shall be displayed. The same validation shall also be applicable for UCC and PAN in the trade modification request submitted by the members on the trading system.

4.2 Neat Adaptor & NA Analysis Tool

NA (NEAT Adapter) is a real time system which is introduced by The National Stock Exchange of India to enhance the Trading System by changing existing 2-tier system to 3-tier system. NA is an application which is placed between Front-End and Host End so that all the communication between front-end and host-end will be through this NA Application.

To enhance the performance and flexibility, Exchange provides the facility of NEAT Adapter on Linux and Windows operating systems.

The latest available version setup files for Windows and Linux operating systems reside on extranet path [/cdsftp/cdscommon](#). The Exchange periodically upgrades the NEAT Adapter versions and conducts mock trading sessions to test the connectivity using new versions and implement them in live environment on successful testing. The information pertaining to new version is provided by the Exchange through circulars updated on the NSE website.

The Exchange has provided facility to carry out Neat Adaptor (NA) Analysis through Neat Adaptor (NA) Analysis tool on the extranet path [/Cdsftp/CDSCCommon/NA_Analysis_tool](#).

Relevant Circulars are as below:

4.3 Market Data Broadcast

[Go to Index](#)

The Exchange provides market data (price and volume related) to its trading members in the form of Market by Price (MBP) and Market by Order (MBO) for Auction market. Some related data is also provided in the form of Trade Ticker, Open Interest (OI), Open High Low (OHL), Auction Inquiry broadcast, Master Updates, Market Open/Close Status message broadcast, etc. Market data broadcast is refreshed either at fixed time interval or are event driven. The Exchange also provides tick by tick order and trade information.

For details and parameters of market data broadcast, members are requested to refer circulars issued from time to time under section Member Service Department with key word as “Market Data”.

Members are requested to follow the circular below regarding market data broadcasts - advisory and member guide.

Relevant Circulars are as below:

NSE/MSD/54696	December 02, 2022
NSE/MSD/61737	April 26, 2024

4.4 Direct Connection

In Login with direct connection, members can connect directly to Exchange without any middleware application provided by the Exchange. Member systems must initiate a TCP socket connection to the address given by the exchange.

- Members will first connect to a gateway router server in the respective segment, details of which is published by the Exchange.
- The gateway router server will decide which gateway server is available for the member and will accordingly provide the details of the allocated gateway server to the member through the response message.
- After getting the response message the member will need to connect to the allocated gateway server.

For details regarding connection feature, members can refer to the NNF protocol documents.

<https://www.nseindia.com/trade/platform-services-neat-trading-system-protocols>

The parameters for login through Gateway Router is as following:-

Primary (BKC) / DR site

Gateway Router IP Address	Existing Port*	New Port
172.19.18.85	10877	10879

*existing port shall be discontinued w.e.f. July 06, 2024.

Gateway IPs Subnet ranges –

Network	172.19.18.0
Mask	255.255.255.128
Port	10870

4.6 Guidelines for Disaster Recovery (DR)

I. In case of switchover of Trading System to Disaster Recovery (DR) Site :

In pursuance of SEBI guidelines for Business Continuity Plan (BCP) and Disaster Recovery (DR) of Market Infrastructure Institutions (MIIs) specified in the SEBI circular SEBI/HO/MRD1/DTCS/CIR/P/2021/33 dated March 22, 2021, this is to inform that NSE trading system provides high availability of its services by having identical setup available at NSE DR site.

In case of contingency observed at the primary site, the Exchange may have to shift its operation from primary site to DR site. It is necessary that in such event necessary action shall be taken at member's end to bring their systems into a consistent state.

Members are requested to take note of below list of points in case of Exchange switchover to DR site pertaining to trading system:

1. Members will have to reconnect to trading system, as they will be disconnected once the primary site is unavailable.
2. Members should continue to use existing connectivity parameter for connecting to NSE trading system at DR site.
3. If members are connected to NSE trading system at the time of outage, they will receive start & end of outages messages on NEAT/NEAT+ login screen. Post receipt of End of outage message member can take login in trading terminal.

[Go to Index](#)

4. In case members are not connected to NSE trading system, they will receive start & end of outage messages as a part of journal download post reconnecting to NSE trading system at DR site.
5. Exchange shall not carry forward outstanding orders from primary site to DR site and no cancellation messages will be sent for these orders.
6. NSE's trading system constitutes of multiple matching engines (streams). Each stream hosts a range of securities / contracts on which trading is allowed. Exchange shall broadcast stream wise trade number of the last trade (Exchange trade number) available at DR site. Member may note that streamwise trades upto the last trade number shall only be considered as valid trades for the day.
7. Used limit value in User Order Value Limit (UOVL) and Branch Order Value Limit (BOVL) will be reset to zero after switchover to DR site.
8. Members shall require to re-initiate the requests raised for its users at Primary site for which the updates are not available at DR site after switch over.
9. Kindly note below points after switch over to DR site:
 - a. Trades of primary site will be available in Previous Trades window.
 - b. Trades can be modified/cancelled using Multiple Trade Modification and Cancellation window respectively.
 - c. Messages of primary site will be available in TWS Message Area.
 - d. Net position Inquiry window in NEAT Front-End shall be disabled in case of switchover of trading system to DR site.
10. If user renames or deletes the User folder and re-login the NEAT terminal, then data of primary site shall not be available in the functional window as mentioned above point.
11. Members may also refer to the website of NSE at www.nseindia.com for any information which may be updated by the Exchange regarding the same. For ease and convenience, FAQ is available on Exchange website <https://www.nseindia.com/trade/disaster-recovery-faqs>.

Relevant Circulars:

II. In case of switchover of Trading to Alternate Trading Venue:

SEBI, vide circular SEBI/HO/MRD/TPD/P/CIR/2024/167 dated November 28, 2024 directed Exchanges viz NSE and BSE to implement a mechanism to handle potential outage that may occur during trading hours at either of the stock exchange by invocation of alternative trading venue. As per the SEBI circular, in the event of an outage, NSE will act as an alternative trading venue for BSE and vice versa.

In reference to the aforesaid, members are requested to take note of the following modalities for

currency derivative segment:
A. Applicable securities/contracts:

Only applicable BSE exclusive securities/contracts shall be provisioned at NSE as an alternative trading venue.

Segment	BSE Exclusive Securities / Contracts
Currency Derivatives & IRF	<ul style="list-style-type: none"> Currently there are no Currency Derivative products on BSE not having correlated Currency Derivative products on NSE. Thus, no exclusive contracts of BSE are applicable at NSE.

B. In case of outage at NSE:

Exchange, endeavors towards the smooth functioning of the entire market without any disruption under all circumstances. However, to address any potential outage, NSE takes measures as mentioned in circular NSE/MSD/48662 dated June 18, 2021, in accordance with SEBI circular SEBI/HO/MRD1/DTCS/CIR/P/2021/33 dated March 22, 2021.

Now in addition to the aforesaid, depending on the type of outage, NSE may request BSE to invoke trading at their end as an alternative trading venue for NSE exclusive securities / contracts as applicable.

In such a case, market participants shall be informed about the invocation of alternative trading venue at BSE via circular/website or any other medium based on viability at that time.

Post invocation of alternative venue at BSE, if NSE revives its operations, parallel trading at both NSE & BSE shall continue for the rest of that trading day. Accordingly, relevant details about the resumption shall be communicated to the market participants via circular/ website or any other medium, as appropriate.

5.2 Password Reset and Unlock
• Policy:

All users should take into account below mentioned password policy for login to trading system.

- A. The length of password should be of exact 8 characters.
- B. The password shall be case sensitive and should contain at least one each of the following characters with no space:
 - a. Uppercase: A to Z
 - b. Lowercase: a to z
 - c. Digit: 0 to 9
 - d. Non - alphanumeric : Special characters @ # \$ % & * / \
- C. User shall be compulsorily required to change password after the lapse of 14 days.
- D. New password must be different from previous 5 passwords.
- E. User Id shall be locked after 3 invalid login attempts.
- F. Reset of password shall set the password to a default password.
- G. User shall not be allowed to set the default password as new password.

The above mentioned password policy is applicable to all users i.e. NEAT and NNF.

Relevant Circulars:

Download No.	Date
NSE/CD/27997	November 05, 2014
NSE/CD/54271	November 02, 2022

[Go to Index](#)**Password Expiry Alert**

The user shall receive alert message for the expiry of their log in password.

Users will start receiving following alert message in the message area of NEATCDS, five days prior to the expiry of the password at the time of login.

Message Area:-

<USER_NAME> Signed On.

Attention: User <USER_ID> Your password shall expire on <DATE>.

Kindly change it to avoid any login issue on <DATE>

Reset of password and Unlock user

Along with corporate manager user ids members now can submit password reset and unlocking request for branch manager and dealer user ids.

Reset of password:

A facility is provided to corporate manager to enable and reset password for all the users under his trading firm under Dialogs menu (Ctrl+Shift+R) in NEAT. The Corporate Manager will be able to reset the password of the user, who is disabled on account of entering wrong password. Corporate manager will be able to change the password of only INACTIVE / DISABLED users.

On entering the user id and pressing Check Status button, the status of the user id will be displayed along with the default password. On pressing Ok button the status of the user will be set as Inactive and the password will be changed to default password.

Unlock User:

A facility is provided to the Corporate Manager to send unlocking request to the Exchange through trading system for branch manager and dealer. This facility can be invoked through Dialogs -> Unlock user (Ctrl+Shift+U) in NEAT.

Corporate Manager has to select user id, reason for unlocking and send the request to the Exchange. Corporate manager will get Unlock request approved or rejected message when the unlock request is approved or rejected by the Exchange. Corporate manager cannot place unlocking requests for user ids which are already logged in to the system or surrendered user ids.

In order to unlock or reset password of the Corporate Manager id, member is required to send the request through ENIT on the below path-

Member Portal > ENIT-New-Trade > Trade > Password Reset/Unlock Corp Mgr id > Request for Password Reset/Unlock

[Go to Index](#)

Henceforth, requests for password reset or unlocking through fax/e-mail shall not be accepted by the Exchange.

The module in ENIT will enable members to electronically submit and track password reset/ unlock request status for NEAT Corporate Manager Id , Branch Manager ID and Dealer ID.

Members will be able to seek the following services through ENIT:

- Digitally submit password re-set/ unlock facility for NEAT Corporate Manager Id, Branch Manager ID and Dealer ID
- Tracking of request status
- Receive SMS and/or email alert for the submission, completion / rejection of requests.

The procedure for submitting such requests is provided in the user manual available on member portal on the below path:

Member Portal > ENIT-New-Trade > Trade > Password Reset/Unlock NEAT User id > Request for Password Reset/Unlock

Request received by the Exchange before and up to market close of trading day:

Such requests shall be considered for processing on the same day, subject to fulfilment of necessary pre-conditions, if any.

Requests received by the Exchange after market close on a trading day:

Such requests will be processed by next working day before market hours subject to fulfilment of necessary pre-conditions, if any.

Disablement of Users not logged in for more than 180 days

User IDs which have not logged in for more than 180 days shall be automatically disabled by the Exchange. The existing RESET PASSWORD facility available to Corporate Manager in NEAT can be used to enable logins for such disabled Dealer and Branch Manager Ids.

However, if the corporate manager is unable to reset password for Dealer and Branch Manager Ids through NEAT, then member is requested to send the request on the company's letter head through e-mail on msm@nse.co.in

For corporate manager user id, trading members shall follow the existing process of resetting password by requesting the same through ENIT.

Exchange has also provided the facility of "NSE ENIT Service" on mobile application.

Members can now send requests for the following services through the ENIT mobile web application:

1. Corporate Manager, Branch Manager and Dealer Password Reset Request

[Go to Index](#)

2. Corporate Manager, Branch Manager and Dealer Password Unlock Request

5.3 Contingency Pool trading facility for members.

The Exchange provides trading facility from its premises to members in the event of a contingency where trading member is not able to use own connectivity because of a technical or a power failure. In such cases, trading member can send the request in writing to the Exchange asking for permission to trade from the Exchange's premises. Upon receiving such request from the trading member, Exchange verifies the details and allows the representative of the trading member to come and use the trading terminal situated in the contingency pool in its premises. The facility is available on a first come first serve basis. The trading facility in the contingency pool is granted for a particular day only.

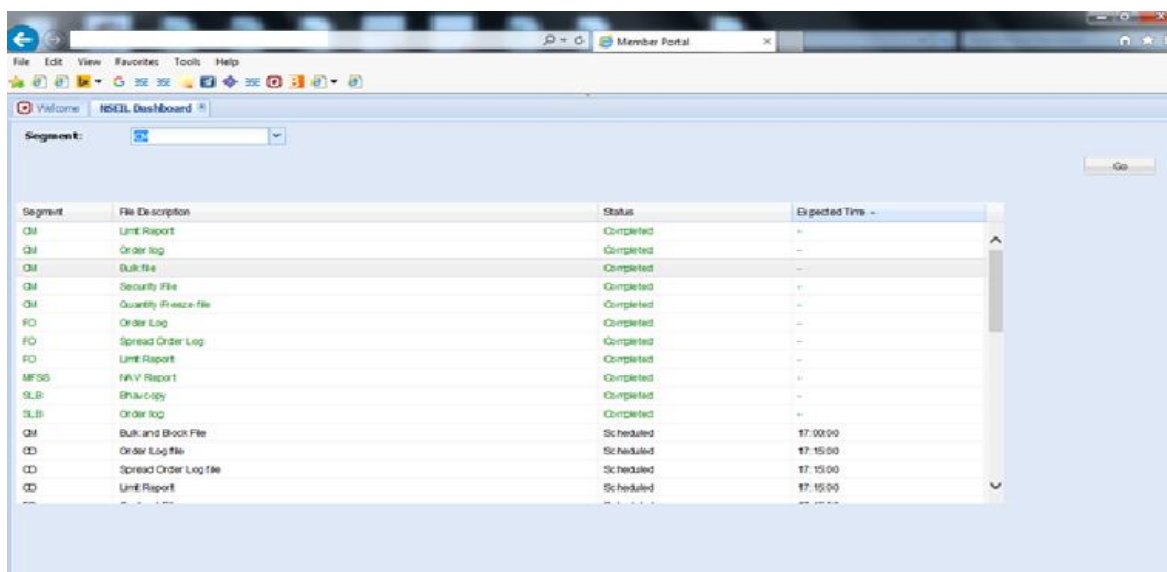

The format for Application for Contingency trading is attached as Annexure E in the circular.

5.4 NSEIL Dashboard

In an endeavour to improve operational convenience, Exchange has introduced "NSEIL Dashboard" on Member Portal under "Services". Members can use this facility to track the status of various reports pertaining to Trade which is downloaded on Extranet by Exchange under different segments.

On clicking on "NSEIL dashboard" link, the status and the estimated time of the reports would be displayed.

[Go to Index](#)

The screenshot shows the NSEIL Dashboard with a table listing file processing status. The table has four columns: Segment, File Description, Status, and Expected Time. The data is as follows:

Segment	File Description	Status	Expected Time
QI	Unit Report	Completed	--
QI	Order Log	Completed	--
QI	Bulk File	Completed	--
QI	Security File	Completed	--
QI	Quantity Freeze File	Completed	--
FO	Order Log	Completed	--
FO	Spread Order Log	Completed	--
FO	Unit Report	Completed	--
MSGS	NAV Report	Completed	--
SLB	Shawcopy	Completed	--
SLB	Order Log	Completed	--
QI	Bulk and Block File	Scheduled	17:00:00
QI	Order Log File	Scheduled	17:15:00
QI	Spread Order Log File	Scheduled	17:15:00
QI	Unit Report	Scheduled	17:15:00

In case of any rescheduling, the revised “Expected Time” would be displayed.
