The above-mentioned applications of CDSL and NSDL have following features:

- Consolidated view of securities of client across both the Depositories eliminating the need for multiple login;
- Transaction and holding statements at one place improving portfolio management by investors;
- Monitoring of open positions and margin details across Stock Exchanges and Clearing Corporations;
- Option to exercise E-voting on company resolutions; and
- Access to recommendations of proxy advisers on resolutions.

As advised by SEBI, Trading Members are requested to promote CDSL/NSDL investor mobile applications to increase awareness and encourage more investors to use the benefits of these digital platforms. Accordingly, you are hereby advised to undertake the following actions:

- Display and publicise information about the investor applications of Depositories prominently on your websites, mobile applications and investor interfaces;
