
Penalty for failure to maintain minimum prescribed Network

This is in continuation of Exchange Circular No. MCX/COMP/213/2026 dated April 17, 2026, issued with respect to uniformed disciplinary actions across the Exchanges.

Regulation 10 (g) of Chapter II of the Securities and Exchange Board of India (Stock Brokers) Regulations, 2026 (SB Regulations), governing the “Registration of Stock Brokers”, stipulates that the certificate of registration granted under Regulation 7 is subject to the condition that the Stock Broker maintains the minimum network specified under Chapter X of the said Regulations. Accordingly, all Trading Members are required to maintain the minimum prescribed network at all times in compliance with the SB Regulations and such other requirements as may be specified by the Exchange from time to time.

Trading members are required to submit Network to the Exchange on half yearly basis (as on March 31st and September 30th) and an audited Network annually as on March 31st. It is observed that in case of shortfall in Network as on March 31st/September 30th, trading members also submits a revised Network Certificate as of a later date, meeting the minimum network requirements while reporting of shortfall of Network.

In furtherance of the objective of ensuring compliance with requirement of meeting minimum Network by trading members at all times, Exchanges jointly decided to introduce a penalty in cases of shortfall of network reported during the periodical submissions to the Exchange.
