

Circular No.: NeSL/DDE/2026/0239

Date: 07th September 2026

**e-BG Acceptance for Karnataka Power Transmission Corporation Limited (KPTCL) through
Karnataka Public Procurement Portal (KPPP)**

Attention all e-BG Issuing Banks invited to an important operational update issued by the Karnataka Power Transmission Corporation Limited (KPTCL) vide its Circular No: B19/345/85-86/26-27 (2) dated 12th August 2026.

To resolve the operational and management challenges of handling multiple tendering authorities under a single registration, KPTCL has decided to decentralise its intake process. Consequently, with immediate effect, KPTCL will accept new electronic Bank Guarantees (e-BGs) exclusively through the Karnataka Public Procurement Portal (KPPP).

All issuing banks may ensure that no new e-BGs are processed directly against the KPTCL PAN (AABCK7281M) on the NeSL portal. Moving forward, new e-BGs in favour of KPTCL must be initiated only against valid KPPP Portal challans produced by the applicants. Please note that already issued, live e-BGs are unaffected by this change and will continue to be hosted and managed by KPTCL directly through the NeSL Portal.

All the e-BG issuing banks are requested to take immediate note of this transition, update their core workflow systems, and suitably instruct their respective operational and branch teams to ensure strict compliance with this revised process. For any further details, system clarifications, or support, please contact your designated NeSL Relationship Manager

Your feedback is important to us and we welcome any suggestions to improve our services on a continuous basis. Please write to us at suggestions@nesl.co.in with your suggestions, if any.
