CIRCULAR

Subject: Mandatory Self-Registration on the MPCB_BMW Portal for Registration and Inventorization of Health Care Facilities (HCFs) and Other Related Institutions Generating Bio-Medical Waste in Maharashtra.

Reference:

1. Bio-Medical Waste Management Rules, 2016 notified under the Environment (Protection) Act, 1986.
2. MPCB project titled "Inventorization of Biomedical Waste Generators (IBMWG) and Implementation of Intelligent Analytical System"

Under the Bio-Medical Waste Management Rules, 2016, all Health Care Facilities (HCFs) are required to ensure environmentally sound management of the bio-medical waste generated by them. As per Rule 9, the Maharashtra Pollution Control Board (MPCB) is the Prescribed Authority responsible for maintaining records and overseeing bio-medical waste generators, treatment facilities, and disposal facilities in the State.

To fulfil these statutory responsibilities, MPCB has implemented the "Inventorization of Biomedical Waste Generators (IBMWG) and Implementation of Intelligent Analytical System" project, under which Inventorization of more than **86,000 Health Care Facilities** across Maharashtra has been completed.

However, certain Health Care Facilities could not be included in the Inventorization process due to reasons such as non-availability during the survey period, establishment of new facilities after completion of the survey, etc. Furthermore, new Health Care Facilities continue to be established in the State and therefore need to be brought within the Inventorization framework.

As per Rule 4 of the Bio-Medical Waste Management Rules, 2016, every occupier is required to furnish necessary information, maintain records, and provide information relating to generation and management of bio-medical waste to the prescribed authority.

Rule 9 further assigns MPCB the responsibility of maintaining information relating to bio-medical waste generators and monitoring implementation of the Rules. Therefore, availability of updated information regarding all bio-medical waste generators in the State is essential.

Accordingly, in exercise of the powers conferred under Rules 4 and 9 of the Bio-Medical Waste Management Rules, 2016, all Health Care Facilities that generate, handle, or process bio-medical waste and are either not surveyed during the Inventorization survey or newly established, are required to undertake **mandatory self-registration on the MPCB_BMW system** to ensure complete Inventorization of all bio-medical waste generators in Maharashtra.

The following categories of institutions shall register on the MPCB_BMW system:

1. All Health Care Facilities covered under the Bio-Medical Waste Management Rules, 2016, including hospitals, clinics, diagnostic centres, laboratories, veterinary institutions, blood banks, research institutions and other occupiers whose information is not available in MPCB's Inventorization database or was not updated during the IBMWG survey.
2. All newly established hospitals, clinics, laboratories, diagnostic centres, veterinary institutions, blood banks, research institutions and other occupiers covered under the Bio-Medical Waste Management Rules, 2016.

Registration under the IBMWG project shall be completed only through the **MPCB_BMW Mobile Application** or the **MPCB online portal**. Information submitted through self-registration shall be subject to verification by MPCB or an agency authorized by MPCB. Registration shall become effective only after verification and approval by MPCB, and such approval shall be communicated separately through e-mail. Thereafter, the registered institution shall carry out bio-medical waste transactions only through the mobile application/portal.

All Health Care Facilities already inventories under the IBMWG project are requested to log in using the mobile number recorded during the survey, verify the information of their institution, ensure that the information is complete, accurate and correct, and update it, if necessary, **on or before 15/11/2026**.

This system will facilitate maintenance of updated and accurate information regarding bio-medical waste generators, handlers and processors across Maharashtra and help such institutions comply with their obligations under Rule 4 of the Bio-Medical Waste Management Rules, 2016.

The system shall become operational from **15/11/2026**. For technical assistance or guidance regarding registration, institutions may contact: ibwg.support@mpcb.gov.in or mpcbbmwsurvey@innowaveit.com. Demo videos are also available on the website and mobile application.

This Circular is issued with the approval of the Competent Authority, Maharashtra Pollution Control Board.

Principal Scientific Officer

Copy forwarded for information to:

1. The Additional Chief Secretary, Higher and Technical Education Department, Government of Maharashtra.
2. The Additional Chief Secretary, Urban Development Department, Government of Maharashtra.
3. The Additional Chief Secretary, Medical Education and Drugs Department, Government of Maharashtra.
4. The Additional Chief Secretary, Rural Development and Panchayati Raj Department, Government of Maharashtra.
5. The Principal Secretary, Public Health and Family Welfare Department, Government of Maharashtra.
6. The Secretary, Environment and Climate Change Department, Government of Maharashtra.
7. The Secretary, Animal Husbandry, Dairy Development and Fisheries Department, Government of Maharashtra.
8. The Hon'ble Chairman, Maharashtra Pollution Control Board, Mumbai.
9. The Member Secretary, Maharashtra Pollution Control Board, Mumbai.

Copy to

1. **All Heads of Departments, MPCB, Mumbai:** For information and necessary action.
2. **All Regional Officers, MPCB:** They shall ensure wide dissemination of the MPCB_BMW Mobile Application and Web Portal within their respective jurisdictions, coordinate with medical associations and Common Bio-Medical Waste Treatment Facility (CBWTF) operators, and monitor the progress of registration and implementation.
3. **All Sub-Regional Officers, MPCB:** They shall ensure registration of all eligible Healthcare Establishments (HCEs) within their jurisdictions on the MPCB_BMW Mobile Application or Web Portal and promote effective utilization of the biomedical waste management, record management, and waste tracking system.
4. **Public Relations Officer (PRO), MPCB, Mumbai:** To undertake extensive publicity and awareness activities through newspapers, social media platforms, and other communication channels to promote the MPCB_BMW Mobile Application and Web Portal.
5. **SO/EIC:** To upload and publish this Circular on the official MPCB website and provide all necessary technical support for the implementation and operation of the MPCB_BMW Mobile Application and Web Portal.
6. **Indian Medical Association (IMA), National Integrated Medical Association (NIMA) and Local Medical Associations:** They are requested to circulate this Circular among their member Healthcare Establishments and encourage registration on the MPCB_BMW Mobile Application or Web Portal.
7. **All Common Bio-Medical Waste Treatment Facility (CBWTF) Operators:** They shall provide information, guidance and registration support to member Healthcare Establishments within their service areas, promote effective utilization of the system, and ensure immediate registration and commencement of operations on the platform. No other software or digital platform shall be used for this purpose after 15/11/2026.
8. **M/s Innowave IT Infrastructure Limited:** To undertake statewide promotion of the MPCB_BMW Mobile Application and Web Portal, organize awareness and training programmes for Healthcare Establishments, and operationalize a technical support mechanism for registration and system usage throughout Maharashtra.
