INTRODUCTION OF PORTFOLIO MANAGEMENT SERVICES (PMS) POWER OF ATTORNEY (POA) IN CDSL SYSTEM

DPs are aware that, presently CDAS system allows the DP to open two types of POA i.e., a Regular POA [R] and CM POA [C]. Regular POA can be used by anyone whereas CM POA is used by clearing members.

CDSL is now pleased to introduce a new type of POA i.e., PMS POA [P] in addition to existing POA types. PMS managers have to open the new PMS POA account to be linked only to the PMS client accounts.

DPs are hereby informed that, there is no change in BO setup and BO Modification file formats. Only new value i.e. [P] is introduced in the existing field POA type. PMS POA account opening is similar to CM POA account opening except for SEBI Registration Number field which is mandatory for PMS POA i.e., the SEBI Registration number of the PMS Manager. Also, the Custodian CM accounts has to be mapped to the new PMS POA.

EASIEST

Custodian CM has to register the new Master POA ID type "P" in easiest system with the authentication mode i.e., Auto. DP will authenticate the registration of master POA id as per the existing procedure.

DPs are advised to note the above-mentioned changes and are required to implement the changes in their back office, if any.
